Commissioner Kathleen Q. Abernathy
Commissioner Michael Copps
Commissioner Jonathan Adelstein
Federal Communications Commission
445 12th Street, S.W., Washington, D.C. 20554

RE: MB Docket No. 05-192

Dear Chairman Martin and Commissioners Abernathy, Copps, and Adelstein:

Congreso de Latinos Unidos (Congreso) respectfully writes the following comments in support of the Comcast Corporation's interest on Adelphia Communications Corp. acquisition.

Congreso is the leading Latino social services and workforce development services not for profit organization in the state of Pennsylvania. As an organization located in Philadelphia for over 27 years, we served over 21,000 customers last year. Congreso has helped our community become self-sufficient by providing financial literacy, education, training, employment, after school, behavioral and preventive health family services, through a variety of programs that focus on strengthening Latino communities. Congreso's contribution to improving the quality of life of the Latino community in Philadelphia is in part made possible by the involvement of companies such as the Comcast Corporation. Comcast and Congreso have worked through their common goals within their strategies to strengthen the Latino communities both organizations serve in Philadelphia.

For the past two years Comcast and Congreso have worked together to provide youth ages 14 to 18 enrolled in school, with a safe and positive atmosphere. These efforts are made through a program that promotes leadership skills through exposure to various activities, career development, and assistance necessary to these youths' growth and success. Congreso provides programs dedicated to empowering youth to make positive changes within their communities. The growth of this healthy relationship has led both organizations to consider strategies leading to enhanced employment services to low income individuals with barriers to employment.

Congreso believes that allowing Comcast to acquire Adelphia Communications Corp. will preserve employment in the communities Adelphia serves. It will also maintain market share of the concern by increasing competitiveness on the industry; and hence, providing more alternatives at reasonable affordable prices to lower income consumers.

In closing, Congreso de Latinos Unidos wishes to thank you and the Commission for the opportunity to give us a voice in this very important process. We welcome the Commission's questions or comments and invite you to call me at (215) 763-8870, extension 1519. You may also contact our Vice President of External Affairs, Varsovia Fernandez at extension 1505.

Respectfully,

Nicholas Torres
President
